CHALLENGE EVERYTHING

YOU KNOW ABOUT AMERICAN MOTORCYCLES.

Dominating passing power from an all-new liquid-cooled V-twin engine. All-day comfort from a

Our all-new liquid-cooled PowerPlus V-twin is the most powerful engine in its class. With overhead camshafts and four valves per cylinder delivering a blistering 122 hp and 128 ft-lbs of torque, it redefines American performance.

With inverted forks and a hydraulically adjustable Fox monoshock, radial-mounted Brembo brakes, full LED lighting, and Standard, Sport and Rain ride modes, the Indian Challenger is fully loaded with features to improve your riding experience.
